Position purpose

The primary purpose of this role is to provide professional, efficient, patient focused administrative, billing and technical support, within the radiology department. To work as an effective member of the multi-disciplinary team and to contribute to the provision of high quality and appropriately enhanced services to both patients and all other hospital staff.

About Radiology

The radiology department is multidisciplinary and provides a range of diagnostic and interventional imaging services to both hospital inpatients and outpatients through varying imaging disciplines. These services include, but are not limited to, MRI (Magnetic Resonance Imaging), US (Ultrasonography), CT (Computerised tomography), DSA (Digital Subtraction Angiography), Mammography and General x-ray. Patients are referred to the department from specialist clinics within the hospital and also from external general practitioners and specialist consultants within the community.

Austin Health Radiology spans two campuses as listed below:

- Austin Hospital
 - Level 2 Lance Townsend Building

- Level 1 Lance Townsend Building (Administration)
- Heidelberg Repatriation Hospital
 - Ground Floor, Centaur Building

The department is innovative and constantly looks for improvement.

There is consistent review of administration team roles and tasks to ensure provision of efficient services and as such, this is a changing environment, leading to constant systems and process improvements

Purpose and Accountabilities

- Maintain a high level of customer service when greeting and dealing with patients
- Detailed checking of patient data and registration
- Report and Data comparison and analysis
- Maintain training manuals electronically
- Utilise IT systems efficiently
- Seek constant process improvements
- Liaise with a range of people including, medical, management and administration staff
- Telephone operation including management of enquiries from sources both internally and externally which must be dealt with in an efficient and effective manner. This includes providing an accurate detailed paging and messaging service
- Organise and schedule in-patient and outpatient (both hospital and private) referral appointments, within clinically and suitably appropriate time frames
- Utilise the hospital computer network, including RIS, (Radiology Information System) – patient database, Medtrak, Cerner and Healthlink to reference results, reports and other required data
- Utilise Microsoft Office suite skills in relation to data preparation
- Prepare administration for patient admissions and interventional procedures
- Ensure all administration requirements are in order for immediate future appointments
- Validation of imaging accounts
- Ensure correct billing of all services provided by the department
- Manage patient payment processes, including receipting of cash and EFTPOS items
- Liaise with teams in other areas and departments of the hospital
- Co-ordination of appropriate transport bookings when needed
- Co-ordination of interpreters when needed
- Accurate recording of patient registration and processing (using RIS)
- Distribution of imaging results to referrers by way of secure email and other electronic processes
- Organisation, co-ordination and processing of images and patient information requiring operation and use of the radiology PACS system and other technical operating systems
- Reliably work within a rostered framework of varying shifts from 6.45 am – 6:00pm at both the Austin and Repatriation sites, which will include extra days from time to time when required, to suit department needs
- Participate in radiology meetings as required
- Participate in all training requirements of the departments
- Participate in all relevant department meetings
- Contribute to, initiate or improve service delivery as opportunities arise
- Abide by radiology policies and procedures as applicable to role
- Perform other appropriate administrative and other duties as required

Our actions
show we care

We bring
our best

Together
we achieve

We shape

- Promote and participate in the evaluation and continuous improvement processes.
- Comply with the principles of person-centered care.
- Comply with requirements of National Safety and Quality Health Service Standards and other relevant regulatory requirements.

Other conditions – all roles

All Austin Health employees are required to:

- Adhere to Austin Health's core values: *our actions show we care, we bring our best, together we achieve, and we shape the future.*
- Comply with the Austin Health's Code of Conduct policy, as well as all other policies and procedures (as amended from time to time).
- Comply with all Austin Health mandatory training and continuing professional development requirements.
- Provide proof of immunity to nominated vaccine preventable diseases in accordance with Austin Health's immunisation screening policy.
- Work across multiple sites as per work requirements and/or directed by management.

General information

Cultural safety

Austin Health is committed to cultural safety and health equity for Aboriginal and/or Torres Strait Islander People. We recognise cultural safety as the positive recognition and celebration of cultures. It is more than just the absence of racism or discrimination, and more than cultural awareness and cultural sensitivity. It empowers people and enables them to contribute and feel safe to be themselves.

Equal Opportunity Employer

We celebrate, value, and include people of all backgrounds, genders, identities, cultures, bodies, and abilities. We welcome and support applications from talented people identifying as Aboriginal and/or Torres Strait Islander, people with disability, neurodiverse people, LGBTQIA+ and people of all ages and cultures.

Austin Health is a child safe environment

We are committed to the safety and wellbeing of children and young people. We want children to be safe, happy and empowered. Austin Health has zero tolerance for any form of child abuse and commits to protect children. We take allegations of abuse and neglect seriously and will make every effort to mitigate and respond to risk in line with hospital policy and procedures.
