Austin Health acknowledges the Traditional Custodians of the land on which Austin Health operates, the Wurundjeri People of the Kulin Nation. We pay our respects to Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples.

Position purpose

Health Information Services Clerks work in our Medical Record Department to ensure that patient information makes its way to our Scanned Medical Record accurately within expected timeframes. Release of patient information in accordance with policies and legislation is key responsibility of this area as is maintaining a single medical record for our patients.

About the Directorate/Division/Department

The Health Information Service (HIS) at Austin Health consists of Medical Record Services, Clinical Coding Services, Submission Services and Corporate Records Services. HIS has approximately 70 FTE, located across the three Austin Health sites.

The Medical Record Services team plays a crucial role in the management, organisation and dissemination of health-related data and information. They ensure that complete, accurate, up to date and timely health information is available in the patient medical record and to authorised external parties with the aim of improving the efficiency and effectiveness of healthcare delivery. This area includes Freedom of Information and Typing Services.

The Clinical Coding Service translates diagnoses and procedures documented in the medical record into codes. These codes are used for many and varied purposes including funding, planning, research, and quality activities.

Submissions Services are responsible for the collection, management and reporting of quality data to the Department of Health (DoH). This includes Elective Surgery Information System (ESIS), Victorian Emergency Minimum Dataset (VEMD), Victorian Admitted Episodes Dataset (VAED), Victorian Integrated Non-Admitted Health Dataset (VINAH) and the Agency Information Management System (AIMS).

Corporate Records Services are responsible for the management of Austin Health's corporate and organisational electronic and hard copy records. This includes ensuring that information is managed, released and destroyed in compliance with regulatory and legislative requirements. They also support patient care delivery by providing a transcription service.

Position responsibilities

- To maintain and make available an up to date, accurate and complete medical record and manage health information in a way which meets both internal and external customer expectations
- To provide patient information upon request to external healthcare providers and other services in accordance with our release of information guidelines
- To provide a reception service for internal and external callers
- Deliver and collect paper medical records and documents from departments external to HIS when required
- Maintain an accurate and tidy medical record storage area
- Filing of records and documents in an accurate and timely manner
- Participating in on-going culling and destruction programs
- Prepare and scan medical record documents for Scanned Medical Record (SMR) processing in an accurate and timely manner
- Operate and update computerised health information systems, including the Patient Administration System, computerised medical record tracking system, SMR, associated spreadsheets and databases
- Maintain an up-to-date Patient Administration System
- Managing duplicate medical records by merging/unmerging patient records
- Updating demographic and tracking details
- Process requests for patient information, including Freedom of Information requests
- Processing of patient letters using our transcription service
- Perform Quality Assurance duties where required
- Follow departmental procedures and directions for all duties and make use of all available resources, e.g., emails, procedures, intranet, management directives, etc
- Attend meetings and training/information sessions as required
- Required to work in Health Information Services at any campus and to cover any shift with appropriate notice
- Meet all departmental key performance indicators
- Maintain patient confidentiality by following policies and procedures

Our actions
show we care

We bring
our best

Together
we achieve

We shape
the future

General information

Cultural safety

Austin Health is committed to cultural safety and health equity for Aboriginal and/or Torres Strait Islander People. We recognise cultural safety as the positive recognition and celebration of cultures. It is more than just the absence of racism or discrimination, and more than cultural awareness and cultural sensitivity. It empowers people and enables them to contribute and feel safe to be themselves.

Equal Opportunity Employer

We celebrate, value, and include people of all backgrounds, genders, identities, cultures, bodies, and abilities. We welcome and support applications from talented people identifying as Aboriginal and/or Torres Strait Islander, people with disability, neurodiverse people, LGBTQIA+ and people of all ages and cultures.

Austin Health is a child safe environment

We are committed to the safety and wellbeing of children and young people. We want children to be safe, happy and empowered. Austin Health has zero tolerance for any form of child abuse and commits to protect children. We take allegations of abuse and neglect seriously and will make every effort to mitigate and respond to risk in line with hospital policy and procedures.
