Austin Health acknowledges the Traditional Custodians of the land on which we operate, the Wurundjeri Woi Wurrung People of the Kulin Nation. We pay our respects to Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples.

Position purpose

The ICU Patient Services Assistant (PSA) plays a vital role in supporting the delivery of high-quality patient care by assisting clinical staff with non-clinical tasks. This includes maintaining a clean and safe environment, transporting patients and equipment, managing supplies, and providing compassionate support to patients and their families. The PSA contributes to the smooth operation of the ICU by ensuring essential services are delivered efficiently and respectfully, in alignment with hospital policies and patient care standards.

About the Directorate/Division/Department

The Intensive Care Unit provides multidisciplinary care to a wide variety of critically ill patients, in a highly technological environment, with an emphasis on the care of family and friends during a stressful time in their lives. The ICU is a state-of-the-art facility, comprising 29 beds, providing care for over 2000 ICU, 2200 outreach and 500 liaison patients per year. Our specialties include spinal trauma, liver transplantation, cardiac surgery, neurological interventional surgery, orthopedic, thoracic and general surgery and medicine; in addition to a range of acute medical patients. The ICU provides the hospital's Medical Emergency response team, providing the MET service to the Austin Hospital as well as undertaking significant local, national and international research projects. ICU also provides a hospital wide supportive service to ward based patients through the Critical Care Outreach Team. The ICU fosters a strong teaching and research culture with our nursing and medical staff receiving recognition both nationally and internationally. We are proud of our strong multidisciplinary ICU team that values team work and collaboration and always puts the patient at the centre of everything we do.
