About Austin Health

Austin Health is recognised for high-quality, person-centred care. We're renowned for our specialist work in cancer, transplantation, infectious diseases, obesity, sleep medicine, intensive care medicine, neurology, endocrinology, mental health and rehabilitation.

We're the largest Victorian provider of training for specialist physicians and surgeons, and internationally recognised as a centre of excellence in hospital-based research.

Our services are delivered to patients across four main sites in Melbourne, in locations across our community, in people's homes, and within regional hospitals across Victoria.

We aim to provide an inclusive culture where all staff can contribute to the best of their ability and strive to develop further. We recognise that our people are our greatest strength. We want them to thrive, be their best selves and feel engaged, safe and empowered. To achieve this, diversity and inclusion is essential to our culture and our values. You can view our current Diversity and Inclusion Plan [here](#).

Commitment to Gender Equality

Austin Health is committed to gender equality in the workplace. In developing our [Gender Equality Action Plan](#) we have been guided by the gender equality principles set out in the Gender Equality Act 2020 (Vic). We believe that everyone should live in a safe and equal society, have access to equal power, resources and opportunities and be treated with

dignity, respect, and fairness.

Position Purpose

This position requires relevant experience in Pathology Collection processes and customer service together with a general knowledge of Pathology.

The Pathology Collector is to ensure that specimen integrity is maintained and patient care is not compromised. Collection services has to maintain the highest level of service at all times to our patients and clients.

About Austin Health Pathology

Austin Health Pathology is a department of Austin Health and provides service to not only Austin Health and the co-located Mercy Hospital for Women, but also to numerous GPs and Specialists in the metropolitan and regional community.

Austin Health Pathology is currently expanding into the Hume, Loddon Mallee and Goulburn Valley areas of regional Victoria, with laboratories in Shepparton, Mildura, Echuca and Swan Hill, and a point-of-care network including Castlemaine, Kerang, Kyneton, Seymour, Cohuna and Kyabram.

Austin Health Pathology is committed to providing high quality patient care through routine and complex diagnostic services, expert advice and support for teaching and research.

Austin Health Pathology is an accredited laboratory with the National Association of Testing Authorities Australia (NATA), the Royal College of Pathologists of Australia (RCPA), National Safety and Quality Health Services Standards (NSQHS), National Pathology Accreditation Advisory Council and Medicare Australia, supported by a network of Collection Centres at hospital sites and within the community.

The Department is managed by a Pathology Executive. This group is committed to providing comprehensive laboratory testing in a manner consistent with the needs of a university teaching hospital and the strategic directions of Austin Health.

Austin Pathology plays a major role in providing teaching and research expertise and facilities to Austin Health and the wider community. Formal lectures, tutorials, seminars and job training are provided to both postgraduate and undergraduate students from The University of Melbourne and RMIT. In-house research and development, collaborative projects, and clinical trials make up the bulk of the research activities.

Austin Pathology Health at the Heidelberg Campus provides a full pathology service including Anatomical Pathology, Biochemistry, Blood Transfusion, Haematology, Microbiology and Molecular Diagnostics. Regional Austin Health pathology services are core laboratories with Biochemistry, Blood Transfusion, Haematology and Microbiology services.

Role Specific:

- Participate in rotating rosters, training and competencies as required.
- Be accountable to the Pathology Collection Manager/Supervisor/Team Leader for all professional collection-related issues.
- Maintain professional standards of dress, behaviour, and courtesy when dealing with Hospital staff, patients and clients.
