Position purpose

At Austin Health, the Continuing Care Division provides inpatient and community care to sub-acute and acute patients. Patients receive care via diverse group of inpatient, bed substitution and community services. Program streams that include; Rehabilitation, Acute and Subacute Geriatric Medical management, residential care, health improvement programs (HIP), hospital in the home (HITH) and Austin @Home. Staff in the Continuing Care Division work with patients and their support people to develop negotiated goals and expectations and assist them to achieve these goals.

Under the supervision of the Unit Consultant, you will work effectively and efficiently with the multidisciplinary team to deliver excellent person-centred care. As a Geriatric Medicine Registrar, you are responsible to ensure the right patient receives the right care, at the right time, in the right environment, mindful of efficient and clinically appropriate use of healthcare resources. As part of the multidisciplinary team you have shared responsibility for quality patient-negotiated outcomes and communication with multidisciplinary teams and carers. You will directly supervise the HMOs on your unit.

About the Directorate/Division/Department

The Geriatric Medicine/Aged Care Registrar roles are employed across Austin Health, Northern Health and Bendigo Health. All registrars rotate through positions at these health services, as per an agreed individualized roster of three 4-month terms.

Positions are based at Austin Hospital (6), Heidelberg Repatriation Hospital (4), Bundoora Centre (4), Northern Hospital (4), Broadmeadows Hospital (1) and Bendigo Health (1). In addition, a Fellow in Geriatric Medicine position is based at Austin Health. Part-time (0.5) or job-sharing positions may be available.

A full range of training opportunities is available:

- Inpatient care (acute geriatrics, GEM, rehabilitation, interim care, orthogeriatrics, stroke, dementia and behaviour, consultation-liaison, aged psychiatry)
- Hospital substitution (Austin@home, GEM@home, telehealth)
- Outpatient care (geriatrics, wound management, falls and balance, cognition/memory, continence, chronic pain, pre-operative assessment/shared decision-making)
- Community care (Aged Care Assessment Service, residential inreach)

All ward positions are supported by an HMO or Intern. Research opportunities are also available at each site, in areas including dementia, continence, service provision/models of care and Quality. Investigator lead research is encouraged.

Hours are: 43 hours/week, including 5 hours of formal training. Austin Health is part of the Northern Training Alliance of the Victorian Geriatric Medicine Training Program, which includes: Northern Health, Bendigo Health, St Vincents, Albury-Wodonga Health and Goulburn Valley Health. Trainees are encouraged to consider working across multiple sites during their training. After hours' commitments vary between positions. Five hours of protected training time is rostered each week to enable mandatory attendance at the fortnightly Victorian Geriatric Medicine Training sessions. Other training activities include a local-organised trainee sessions, communication skills training, journal club and completion of the Advanced Trainee Research Project. Leave to attend conferences and study is a high priority, within awards and subject to the spirit of 'Together we achieve'. A unit handbook / Rover is available for all positions.

Position responsibilities

Role Specific:

- Work with the multi-disciplinary teams caring for the patients in the Continuing Care Division to provide optimal care, including shared-decision making with patients and carers.
- Coordinate care and supervise the learning opportunities of HMOs under your supervision.
- Some direct patient care responsibility will be required to ensure equal division of work.
- Attendance at ward rounds, case conferences, family meetings, outpatient clinic and unit meetings, including mortality and morbidity reviews.
