Position purpose

As a Registered Nurse at Austin Health, you are responsible for planning, implementing and evaluating evidence-based nursing care in collaboration with the multidisciplinary team to achieve optimal healthcare outcomes for our patients.

The Registered Nurse is a key member of the health care team responsible for ensuring nursing professional, organisation, legal and ethical standards are met. The Registered Nurse is responsible for supervising and delegating to other health professionals such as Enrolled Nurses.

About the Directorate/Division/Department

Austin Health ICYMHS provides specialist mental health services for people aged between 0-25 years and support for their families, carers, and other supports. Multi-disciplinary teams (inclusive of medical, nursing, allied health and people with lived and living experience provide services including assessment, diagnosis, treatment and clinical case management. These services are provided in community-based services, acute inpatient units and several residential settings.

In addition, Austin Health ICYMHS provides consultation and support to services and organisations in the community that are providing care to those not meeting Austin ICYMHS intake criteria or seeking a service from Austin Health ICYMHS.

Austin Health ICYMHS has some specialist services including programs to provide assessment for Autism Spectrum Disorder, Intake, Crisis Assessment and Triage services, specialist care for young people with eating disorders, young people with co-occurring mental health and drug and alcohol use issues, young people interacting with the legal and justice system, and young people with psychosis. The service prioritises access for marginalised children and young people, particularly indigenous and those in out of home

Austin Health ICYMHS partners with the Austin Health Mental Health Division wide services to provide access to 24-hour crisis assistance and enables access to Statewide services.

The Adolescent Inpatient Unit (AIPU) is a 24-hour acute inpatient unit which aims to provide short-term, multidisciplinary, safe and recovery focused assessment and/or inpatient treatment for adolescents (Age 13 – 17). This occurs in a least restrictive manner when they cannot be treated and/or assessed safely and effectively within the community. Care aims to be responsive to the young person and their family/carer's needs and requirements and build on and strengthen their community support systems.

Position responsibilities

Role Specific

In accordance with the Nursing and Midwifery Board of Australia approved Standards for Practice for the Registered Nurse 2016, position accountabilities for the Registered Nurse (RN) are described below. General information

Cultural safety

Austin Health is committed to cultural safety and health equity for Aboriginal and/or Torres Strait Islander People. We recognise cultural safety as the positive recognition and celebration of cultures. It is more than just the absence of racism or discrimination, and more than cultural awareness and cultural sensitivity. It empowers people and enables them to contribute and feel safe to be themselves.

Equal Opportunity Employer

We celebrate, value, and include people of all backgrounds, genders, identities, cultures, bodies, and abilities. We welcome and support applications from talented people identifying as Aboriginal and/or Torres Strait Islander, people with disability, neurodiverse people, LGBTQIA+ and people of all ages and cultures.

Austin Health is a child safe environment

We are committed to the safety and wellbeing of children and young people. We want children to be safe, happy and empowered. Austin Health has zero tolerance for any form of child abuse and commits to protect children. We take allegations of abuse and neglect seriously and will make every effort to mitigate and respond to risk in line with hospital policy and procedures.
