Position purpose

As a Registered Nurse at Austin Health you are responsible for planning, implementing and evaluating evidence based nursing care in collaboration with the multidisciplinary team to achieve optimal healthcare outcomes for our patients.

The Registered Nurse is a key member of the health care team responsible for ensuring nursing professional, organisation, legal and ethical standards are met.

About the Directorate/Division/Department

The Mental Health Division provides care and services through a comprehensive range of teams to meet the needs of mental health consumers and carers throughout Victoria. Services are located across Austin Health campuses and in the community.

All mental health services work within a clinical framework that promotes recovery-oriented practice and supported decision making. This approach to client wellbeing builds on the strengths of the individual working in partnership with their treating team. It encompasses the principles of self-determination and individualised treatment and care.

The Acute Psychiatric Unit incorporates 2 mental health programs.

Adult Acute Program (AAP) has 19 beds which provide inpatient services to people over 18 years of age who have an acute psychiatric disorder requiring specialist intervention for assessment and

treatment. The Unit has a strong integration with mental health community-based services supporting continuity of recovery-focused care.

Eating Disorder Program –This program provides five inpatient beds for consumers with an eating disorder, who require an acute health restoration program due to medical risk because of the severity of their eating problems.

Position responsibilities

In accordance with the Nursing and Midwifery Board of Australia approved Standards for Practice for the Registered Nurse 2016, position accountabilities for the Registered Nurse are described below. Comprehensive detail of the Standards is available at <http://www.nursingmidwiferyboard.gov.au>

Thinks critically and analyses nursing practice

- RNs use a variety of thinking strategies and the best available evidence in making decisions and providing safe, quality nursing practice within person-centred and evidence-based frameworks
- Engages in therapeutic and professional relationships
- RN practice is based on purposefully engaging in effective therapeutic and professional relationships. This includes collegial generosity in the context of mutual trust and respect in professional relationships.
- Maintains the capability for practice
- RNs, as regulated health professionals, are responsible and accountable for ensuring they are safe, and have the capability for practice. This includes ongoing self-management and responding when there is concern about other health professionals' capability for practice.
- RNs are responsible for their professional development and contribute to the development of others. They are also responsible for providing information and education to enable people to make decisions and take action in relation to their health.
- Comprehensively conducts assessments
- RNs accurately conduct comprehensive and systematic assessments. They analyse information and data and communicate outcomes as the basis for practice.
- Develops a plan for nursing practice
- RNs are responsible for the planning and communication of nursing practice. Agreed plans are developed in partnership. They are based on the RNs appraisal of comprehensive, relevant information, and evidence that is documented and communicated.
- Provides safe, appropriate and responsive quality nursing practice
- RNs provide and may delegate, quality and ethical goal-directed actions. These are based on comprehensive and systematic assessment, and the best available evidence to achieve planned and agreed outcomes.
- Evaluates outcomes to inform nursing practice
- RNs take responsibility for the evaluation of practice based on agreed priorities, goals, plans and outcomes and revises practice accordingly
- Report incidents or near misses that have or could have impact on safety - participate in identification and prevention of risks
- Comply with the Code of Conduct

General information

Cultural safety

Austin Health is committed to cultural safety and health equity for Aboriginal and/or Torres Strait Islander People. We recognise cultural safety as the positive recognition and celebration of cultures. It is more than just the absence of racism or discrimination, and more than cultural awareness and cultural sensitivity. It empowers people and enables them to contribute and feel safe to be themselves.

Equal Opportunity Employer

We celebrate, value, and include people of all backgrounds, genders, identities, cultures, bodies, and abilities. We welcome and support applications from talented people identifying as Aboriginal and/or Torres Strait Islander, people with disability, neurodiverse people, LGBTQIA+ and people of all ages and cultures.

Austin Health is a child safe environment

We are committed to the safety and wellbeing of children and young people. We want children to be safe, happy and empowered. Austin Health has zero tolerance for any form of child abuse and commits to protect children. We take allegations of abuse and neglect seriously and will make every effort to mitigate and respond to risk in line with hospital policy and procedures.
