Position purpose

As a Registered Nurse at Austin Health you are responsible for planning, implementing and evaluating evidence based nursing care in collaboration with the multidisciplinary team to achieve optimal healthcare outcomes for our patients.

The Registered Nurse is a key member of the health care team responsible for ensuring nursing professional, organisation, legal and ethical standards are met. The Registered Nurse is responsible for supervising and delegating to other health professionals such as Enrolled Nurses.

About the Directorate/Division/Department

The Mental Health Division provides care and services through a comprehensive range of teams to meet the needs of mental health consumers and carers throughout Victoria. Services are located across Austin Health campuses and in the community.

All mental health services work within a clinical framework that promotes recovery-oriented practice and supported decision making. This approach to client wellbeing builds on the strengths of the individual working in partnership with their treating team. It encompasses the principles of self-determination and individualised treatment and care.

In 2016, the Victorian Government introduced the Safewards model throughout all public mental health services. It is designed to create a safe and supportive environment; to improve therapeutic relationships and increase the potential for collaboration between staff and consumers. Austin Health is committed to the Safewards model through ongoing education and resourcing. All mental health clinicians are expected to have a sound understanding of the model and its application in clinical practice
