Austin Health acknowledges the Traditional Custodians of the land on which we operate, the Wurundjeri Woi Wurrung People of the Kulin Nation. We pay our respects to Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples.

Position purpose

The Recovery nursing team provides specialized and comprehensive nursing care in the acute post-operative period.

About the Directorate/Division/Department

The Austin Operating Service includes 11 operating rooms, 2 procedure rooms, 2 endoscopy rooms, a post anaesthetic recovery unit with high dependency patient facilities and a surgery and endoscopy centre including up to 12 Twenty-Three Hour beds to care for day surgery and day of surgery admission (DOSA) patients. 20,000 surgical and endoscopic procedures are undertaken per annum. The service provides for a broad range of elective and emergency surgical procedures including Liver Transplant and Cardiac Surgery with the service for emergency surgery available 24 hours per day, 7 days per week. The elective service operates Monday – Friday only. The Austin Operating Service has a strong commitment to professional support and education of staff and continuously ensuring our patients receive excellence in care at all times.

The Recovery Unit at Austin Health provides a comprehensive and professional service for patients admitted for elective or emergency procedures requiring general, regional and/or local anaesthesia. The Recovery Unit promotes a culture that aims to deliver quality patient care. Recovery Nursing staff are encouraged to value life long learning and as such are provided with time for education and professional development.

Position responsibilities

Role Specific:

Direct Clinical Care:

- Act as clinical mentor/preceptor to entry to practice/ nursing students.
- Utilise patient assessment information to adjust the care plan to meet health care needs.
- Facilitate active patient involvement in adapting goals of care and ensure patient understanding through 'teach back'.
- Escalate to the multidisciplinary team to modify the plan of care where abnormalities in assessment information are identified, and the clinical situation is unfamiliar or unexpected.
- Document comprehensive care priorities including discharge planning that is aligned with goals of care and patient assessment information.
- Prioritise and deliver care within scope of practice and according to nursing care plan.
- Facilitate active patient/family participation in delivery of goals of care, including handover.
- Recognise and seek support when input is required from senior/experienced staff.
- Recognise normal baseline and abnormal patient information; ensure escalation of care where abnormal findings are identified.
- Complete all clinical requirements of nursing orientation and induction module.
- Actively participate in huddles and handover process recognising deviation from handover content to clinical presentation.

Education:

- Contribute to the education and development of other nurses at ward/unit level, as appropriate, to own role and level of experience.
- Offer feedback to others that is specific, supportive, and non-judgmental.
- Participate in professional development activities within clinical environment such as involvement in ward/unit portfolios.
- Maintain professional practice portfolio to reflect development of knowledge and skills over time.
- Increase scope of practice by participating in core competencies relevant to specialty practice.
- Identify opportunities for educational resources/ strategies to assist in delivery of bedside teaching.

Research:

- Assist in development of Austin Health evidence-based guidelines.
- Understand research evidence and supporting guidelines related to area of nursing practice.
- Understand the importance of research in the development of nursing practice.
- Support local research activities including literature review and data collection.

Support of Systems:

- Understand the Austin Health vision and strategic priorities.
- Understand the Austin Health Nursing Vision: Austin nurses working alongside Austin Nurses 24/7 to deliver reliable, safe, person-centred care.

Our actions
show we care

We bring
our best

Together
we achieve

We shape
the future

- Work within the National Safety and Quality Health Service (NSQHS) Standards providing evidence-based nursing care.
- Ensure practice compliance for all relevant guidelines and procedures.
- Model professional behaviours and actions when risk and incidents are identified.
- Understand and follow workplace safety principles.
- Contribute to workplace safety audits.
- Understand Austin Health Clinical informatics systems including Cerner, First Net, PACS, Patient Journey Board, EMR, ATLAS, etc.
- Demonstrate safe and ethical practice within health informatics systems.

Professional Leadership:

- Provide appropriate delegation, supervision and support to all staff as per NMBA Decision Making Framework.
- Reflect on own values, beliefs, communication style and experiences and consider how this influences own workplace behaviour.
- Role model Austin Values in daily practice.
- Clearly recognise own accountability for actions and behaviours as delegated as per NMBA Decision Making Framework.
- Recognise, acknowledge and value the unique contribution of individuals.

All Employees:

- Comply with Austin Health [policies & procedures](#) as amended from time to time
- Comply with the Code of Conduct and uphold our values, and diversity and inclusion commitments
- Maintain a safe working environment for yourself, colleagues and members of the public. Escalate concerns regarding safety, quality and risk to the appropriate staff member, if unable to rectify yourself
- Comply with the principals of patient-centred care
- Comply with Austin Health mandatory training and continuing professional development requirements
- Work across multiple sites as per work requirements and/or directed by management

Selection criteria

Essential Knowledge and skills:

- A commitment to Austin Health values
- A patient focused approach to care
- A positive approach to ongoing self-education and skill development
- A flexible, innovative team-oriented approach to service delivery
- A positive approach to change and diversity

Desirable but not essential:

- A sound understanding of information technology including clinical systems, applications relevant to the Management of rostering and risk management reporting or as required for the role and/or department.

Our actions
show we care

We bring
our best

Together
we achieve

We shape
the future

Professional qualifications and registration requirements

- Registered Nurse registered with the Nursing and Midwifery Board of Australia
- Certificate in Peri-anaesthesia Nursing or previous experience in Recovery nursing

Quality, safety and risk – all roles

All Austin Health employees are required to:

- Maintain a safe working environment for yourself, colleagues and members of the public by following organisational safety, quality and risk policies and guidelines.
- Escalate concerns regarding safety, quality and risk to the appropriate staff member, if unable to rectify yourself.
- Promote and participate in the evaluation and continuous improvement processes.
- Comply with the principles of person-centered care.
- Comply with requirements of National Safety and Quality Health Service Standards and other relevant regulatory requirements.

Other conditions – all roles

All Austin Health employees are required to:

- Adhere to Austin Health's core values: *our actions show we care, we bring our best, together we achieve, and we shape the future.*
- Comply with the Austin Health's Code of Conduct policy, as well as all other policies and procedures (as amended from time to time).
- Comply with all Austin Health mandatory training and continuing professional development requirements.
- Provide proof of immunity to nominated vaccine preventable diseases in accordance with Austin Health's immunisation screening policy.
- Work across multiple sites as per work requirements and/or directed by management.

General information

Cultural safety

Austin Health is committed to cultural safety and health equity for Aboriginal and/or Torres Strait Islander People. We recognise cultural safety as the positive recognition and celebration of cultures. It is more than just the absence of racism or discrimination, and more than cultural awareness and cultural sensitivity. It empowers people and enables them to contribute and feel safe to be themselves.

Equal Opportunity Employer

We celebrate, value, and include people of all backgrounds, genders, identities, cultures, bodies, and abilities. We welcome and support applications from talented people identifying as Aboriginal and/or Torres Strait Islander, people with disability, neurodiverse people, LGBTQIA+ and people of all ages and cultures.

show we care

We bring
our best

Together
we achieve

We shape
the future

Austin Health is a child safe environment

We are committed to the safety and wellbeing of children and young people. We want children to be safe, happy and empowered. Austin Health has zero tolerance for any form of child abuse and commits to protect children. We take allegations of abuse and neglect seriously and will make every effort to mitigate and respond to risk in line with hospital policy and procedures.
