Austin Health acknowledges the Traditional Custodians of the land on which Austin Health operates, the Wurundjeri People of the Kulin Nation. We pay our respects to Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples.

Position purpose

The Surgical Liaison Nurse (SLN) provides specialty-nursing services for patients requiring planned surgery at the Austin Health and is a part of the planned surgery booking team.

The focus of the SLN is to provide an efficient, streamlined and effective preadmission processes for planned surgery patients. This is achieved by ensuring optimal preadmission and day of surgery/post-surgery outcomes for planned surgery patients.

The SLN role will require close working relationships with relevant staff including planned surgery booking team, surgical units, unit managers, patient access and flow, bed management, outpatients, theatre & anaesthetics and other liaison nurses across Austin Health.

About the Division

The Surgery, Anaesthesia and Procedural Medicine Division (SAPM) is responsible for over 50,000 procedures per year being delivered to the community serviced by Austin Health. This includes; planned surgery, emergency surgeries and procedure base care across 11 operating theatres at the Austin site (AOS) and 8 operating theatres at The Surgery Centre (TSC).

The planned surgery waiting list and endoscopy services waiting list continues to grow year on year. This, along with Austin Health's increased demand in emergency surgery (14% increase year on year), creates a great deal of pressure to ensure planned surgery and endoscopy patients are treated within their clinically recommended timeframes, whilst enabling emergency surgery access for our patients.

Position responsibilities

Role Specific:

The Surgical Liaison Nurse (SLN) is responsible for managing the patients on Austin Health Planned Surgery Preparation List, in accordance with the Planned Surgery Access Policy. The SLN role will have a focus on the preadmission requirements for Planned Surgery patients, booking of planned surgery theatre lists and ensuring planned surgery patients have timely access to care. The workload and work focus of all SLN's can change depending on the requirements across all surgical units within SAPM or at the direction of the Planned Surgery Access Manager (PSAM).

Key Responsibilities

- To provide a comprehensive clinical pre-admission service for planned procedures, admission requirements and discharge planning that is patient centred and in line with the Planned Surgery Access Policy (2024).
- Completes preadmission health assessments of patients and assesses readiness for surgery, attending Preadmission Clinics (PAC) at Austin Specialist Clinics, located at both the Austin Health main campus and the Repatriation Campuses.
- Provides written details of health assessment data and surgical preadmission planning in the patient's Electronic Medical Record (EMR) that meets legal, professional and organisational standards.
- Appropriate booking of surgical lists in accordance with the Planned Surgery Access Policy (PSAP) (DHHS 2024) and local Austin Health guidelines.
- Monitors the status of Category 1, 2 and 3 Planned Surgery Preparation List patients, and implements strategies ensuring the treatment of patients within clinically recommended timeframes.
- Management of long waiting patients on the PSPL.
- Attending Preadmission Clinics (PAC), conducting health assessments of patients and assess readiness for surgery
- Referral and engagement to appropriate stakeholders and disciplines, such as anaesthesia, allied health etc.

Direct Comprehensive Care

Planning for Care

- The single point of contact for Planned Surgery patients, families and key stakeholders.
- Conduct focused systematic review in pre-admission clinic including:
- Coordination of pre-operative tests, pathology, radiology, other clinical assessments

Our actions
show we care

We bring
our best

Together
we achieve

We shape
the future

- Completion of nursing documentation and care plans
- Liaise with other healthcare professionals to facilitate a multidisciplinary approach to admission, procedure and discharge
- Initiate appropriate referrals to optimise the patients pre-operative health status
- Gathers sufficient information to make informed decisions within scope of practice
- Management of clinically complex patients, patients requiring combined multi-unit procedures and rural and interstate patients, and implementing strategies to manage these cohorts.
- Attending unit multidisciplinary meetings and liaising with surgical teams to plan surgical lists appropriately.
- Ensure optimal theatre utilisation based on surgeon and specialty specific requirements.
- Management of surgeon leave coverage in order to maintain unit access to theatre.
- Liaise with equipment representative staff and operating suite staff to ensure suitable equipment and prosthesis availability.
- Displays an ability to analyse situations and make appropriate decisions in a timely manner that meets the needs of patients, staff, organization and relevant guiding policies (PSAP).

Delivery of Care

- Delivers high quality patient care
- Provides active management of patients on the Preparation List that are waiting for planned procedures that is:
 - Treating in turn
 - Within the clinical urgency categorization
 - Accurate readiness for care status
- Demonstrates a high level of clinical knowledge relevant to surgical nursing and acts as a clinical resource for staff, patients, carers and families.
- Uses clinical information systems to inform decision making and evaluate outcomes.
- Fosters strong communication links between patient, patient's family and multidisciplinary team.
- Ensure patients receive information in an appropriate format that aligns with their preferred method of communication
- Liaises effectively with individuals, teams and departments within Austin Health and external agencies/providers across Australia.

Monitor and Evaluate Care

- Ensure the educational needs of the patient and carer/family are met through:
 - Determining the patient's and carer/family's understanding of diagnosis and educating as appropriate.
 - Monitoring written patient education material to ensure that it is relevant, current, consistent with best practice, and conforming to Austin Health standards.
- Participate in Planned Surgery audit processes to ensure and accurate Preparation List
- Participate in the development of quality initiatives which measure and demonstrate best practice - key performance indicators, consumer satisfaction and cost efficiency for unit

General information

Cultural safety

Austin Health is committed to cultural safety and health equity for Aboriginal and/or Torres Strait Islander People. We recognise cultural safety as the positive recognition and celebration of cultures. It is more than just the absence of racism or discrimination, and more than cultural awareness and cultural sensitivity. It empowers people and enables them to contribute and feel safe to be themselves.

Equal Opportunity Employer

We celebrate, value, and include people of all backgrounds, genders, identities, cultures, bodies, and abilities. We welcome and support applications from talented people identifying as Aboriginal and/or Torres Strait Islander, people with disability, neurodiverse people, LGBTQIA+ and people of all ages and cultures.

Austin Health is a child safe environment

We are committed to the safety and wellbeing of children and young people. We want children to be safe, happy and empowered. Austin Health has zero tolerance for any form of child abuse and commits to protect children. We take allegations of abuse and neglect seriously and will make every effort to mitigate and respond to risk in line with hospital policy and procedures.
