### Position purpose

Provision of high quality, timely, appropriate medical imaging services as part of Austin Health under consultant radiologist supervision. The rotation is designed for pre-vocational doctors to get exposure to a radiology practise through active participation in clinical work within the medical imaging department. SRMOs may be offered opportunities participate in reporting of imaging studies and performing simple radiologically guided procedures under supervision.

### About the Directorate/Division/Department

The department is equipped with a full range of state-of-the-art imaging equipment including multi-slice CT, MRI and high-resolution ultrasound equipment. There is a wide range of interventional procedures performed, particularly in hepatobiliary and oncology intervention.

The main department is located on Levels 1 and 2 of the Lance Townsend Building, Austin Hospital. The department medical staff comprises 20.5 EFT of Staff Radiologists (Diagnostic, Interventional and Neurointerventional Specialists) and 20 Radiology Registrars and 4 Fellows.

The Austin Hospital department includes three MRI machines, two CTs, three Angiography suites, one Fluoroscopy suite and six Ultrasound units.

The Heidelberg Repatriation Hospital department provides mostly outpatient services. It consists of two CT machines, Fluoroscopy, Mammography and five Ultrasound rooms.

Most radiology sub-specialties, with the exception of obstetrics and paediatrics, are provided. Surgical specialties at the Austin include thoracic, cardiac, neurosurgery, hepatobiliary, orthopaedic, ENT, ophthalmology and vascular services. The Austin is a statewide referral centre for liver transplantation and spinal injuries. The hospital has a large neurology department, with particular expertise in stroke and epilepsy, and a large oncology department.

Workload approximately 180,000 examinations per year, comprising approximately 90,000 X-rays, 14,000 MRI, 20,000 ultrasound, 35,000 CT and 6,000 interventional and fluoroscopy cases.

The Austin is co-located with the Mercy Hospital for Women and whilst the two hospitals have separate radiology departments, they have close ties. Austin Radiology provides CT, MRI and Interventional Radiology services for patients of Mercy Hospital for Women.

### Equipment

3 MRI machines: 1 x 3T Siemens Vida, 1 x 3T Siemens Skyra and 1 x 1.5T Siemens Sola

4 CT machines: PRISM Aquilion One Canon x1, Somatom Force Siemens x1, Revolution Apex GE x 1, Revolution EVO x 1

2 Cone Beam CT machines (Newtom 5G)

15 Ultrasound machines including 6 x Philips (EPIQ7, Epiq 5), 5 Canon (TUS AI800), 2 GE (Venue 5.0 R5) ultrasound machines.

Biplane Angiography system Siemens Artis Q Ceiling x 1, Azurion 7 B20 Biplane Philips x 1, Fluoroscopy system, Siemens Artis Zee MP x 1, Fluoroscopy system, Siemens Luminos dRF x 1.

Workload approximately 180,000 examinations per year, comprising approximately 90,000 X-rays, 14,000 MRI, 20,000 ultrasound, 35,000 CT and 6,000 interventional and fluoroscopy cases.

- Provide proof of immunity to nominated vaccine preventable diseases in accordance with Austin Health's immunisation screening policy.
- Work across multiple sites as per work requirements and/or directed by management.

## General information

### Cultural safety

Austin Health is committed to cultural safety and health equity for Aboriginal and/or Torres Strait Islander People. We recognise cultural safety as the positive recognition and celebration of cultures. It is more than just the absence of racism or discrimination, and more than cultural awareness and cultural sensitivity. It empowers people and enables them to contribute and feel safe to be themselves.

### Equal Opportunity Employer

We celebrate, value, and include people of all backgrounds, genders, identities, cultures, bodies, and abilities. We welcome and support applications from talented people identifying as Aboriginal and/or Torres Strait Islander, people with disability, neurodiverse people, LGBTQIA+ and people of all ages and cultures.

### Austin Health is a child safe environment

We are committed to the safety and wellbeing of children and young people. We want children to be safe, happy and empowered. Austin Health has zero tolerance for any form of child abuse and commits to protect children. We take allegations of abuse and neglect seriously and will make every effort to mitigate and respond to risk in line with hospital policy and procedures.
